Vapor Barrier Repairs**

- **Lifetime Vapor Barrier** • *Guaranteed for Life* • *Prevent Soft Floors* • *Lower Your Electric Bills*
- *Keep Mold, Mildew, Rats, Snakes, Spiders, Ants, Roaches and Moisture OUT of Your House!*

To our valued customers;

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.

*Wishing you good health and safety,
The Florida Anchor & Barrier Team*

Are Your Tie Downs Tight?

- **Hurricane Anchors • Tie Downs**
- **Leveling • Blocking • Carport Tie Downs**
- **Stabilizing Devices • Roof-Over Strapping**

- *Replace Rusted Anchors • Add Anchors*
- *Longitudinal Stabilizing • Retro-fit to Current State Standards*

If your home moves even a few inches during a storm your home will suffer severe damage. Loose tie downs do not protect your home, they must be tightened every 3 to 5 years. Have your tie-downs inspected NOW, before the storms!

FLORIDA ANCHOR AND BARRIER COMPANY

Message from the Board

The past seven months we all have been consumed with the Covid-19 Pandemic. I, as well as the entire board, want each and every resident to know that we are very proud of the positive attitudes that each of you have maintained throughout this period of troubled times. We do understand that this has been very trying for everyone. Just remember that we can make the rough days a little better with a positive attitude and a smile.

As we have started having more activities in our community just remember that if you are uncomfortable with that activity then just wait until you feel more comfortable to attend.

I want to welcome our new residents and assure you that Gull Aire does have a lot to offer. If you look in the back of our monthly newsletter you will find many activities some that might be of interest to you. For example, we are always in need of new Shuffleboard and Bocce Ball players. Always know that the more you put into our community the more you will get out of it.

During these trying times it becomes a lot easier to realize just how fortunate and lucky that we are to live in Gull Aire Village as our friends and neighbors become even more like family.

It appears that a large number of our residents are making repairs, painting and or sprucing up their properties and I just want to remind everyone that any changes or repairs to the exterior of your property including driveways needs to have the approval of the architectural committee.

Stay Safe

Thank you,
Doug Campbell

Architectural Reminder

You can use gravel, mulch, shells or stones for landscaping around TREES and PLANTS ONLY. They must be contained by a boarder. Any EXISTING gravel, mulch, shells or stones must be contained by a boarder. Per the city of Oldsmar, no gravel, mulch, shells or stones can be used for parking.

Reminder: No swimming pools of any size are allowed.

Any questions, please contact any A/C member before you start your project.
Peggy Allison, Carl Foley, Jill Kauss, Carl LaFrance, Ralph Richardson

***** FINANCING AVAILABLE *****

As of this writing we are still under partial restrictions. For the month of October, the only clubhouse evening activity that is allowed is Karaoke on the 3rd & 16th.

We are still planning our Halloween Golf Cart Parade on the 25th. This annual event is always enjoyed by everyone. Participants decorate their golf carts in elaborate themes. The parade gives everyone a chance to finally get out of the house. So, come on down and show off your creative skills.

Still on the calendar is our Halloween Dance planned for the 31st. Appropriate dress is encouraged. Music will be provided by everyone's favorite "Bittersweet". **In the event we are still on restriction, and the dance is cancelled, the Social Club has an alternative event planned. We will have our first ever "Reverse Trick or Treat"** In other words "Treat or Trick". This is how it will work. Those who want to participate will place their name and address on the list posted on the bulletin board. *This is important as we need to know how many treats to buy.* Then, on Halloween, sit out in your driveway and we will drive by in our golf cart and pass treats to you. This should be something different and fun for all.

We are constantly monitoring the current situation and as soon as possible we will get back to our normal active community. Please keep checking the bulletin board and the Official Gull Aire Social Club Facebook page for any updates or changes.

TIME to  YOUR GREY MATTER[★]

1. Johnny's mother had three children. The first child was named April. The second child was named May. What was the third child's name?
2. There is a clerk at the butcher shop, he is five feet ten inches tall and he wears size 13 sneakers. What does he weigh?
3. Before Mt. Everest was discovered, what was the highest mountain in the world?
- 4 How much dirt is there in a hole... that measures two feet by three feet by four feet?
5. What word in the English Language... is always spelled incorrectly?
6. Billy was born on December 28th, yet his birthday is always in the summer. How is this possible?
7. In California, you cannot take a picture of a man with a wooden leg. Why not?
8. What was the President's Name...in 1975?
9. If you were running a race, and you passed the person in 2nd place, what place would you be in now?
10. Which is correct to say, "The yolk of the egg are white" or "The yolk of the egg is white"?
11. If a farmer has 5 haystacks in one field and 4 haystacks in the other field, how many haystacks would he have if he combined them all in a third field?

Answers appear later in the newsletter. NO PEEKING!

[★] Grey matter (or gray matter) is a major component of the central nervous system, in the part of the brain believed to be central to memory. It is “a structure important for healthy cognition across people's lifespan,” the study says, and is “centrally involved in many functions including spatial navigation, episodic memory and stress regulation.”

FREE OCTOBER 2020 GAV MOVIE
"THE CALL OF THE WILD"

Adapted from the beloved literary classic, *The Call of the Wild* vividly brings to life the story of Buck, a big-hearted dog, and the man (Harrison Ford) he must learn and trust. When he is suddenly uprooted from his California home and transplanted to the exotic wilds of the Alaskan Yukon, Buck experiences the adventure of a lifetime, ultimately finding his true place in the world. This movie is an epic adventure that will make you laugh, cry, and cheer- a must see for everyone. This movie is rated "PG".

DATE: Sunday, October 11, 2020

PLACE: GAV Clubhouse

TIME: 2:00 P.M.

Note: Social Distancing and wearing of masks are required.
 You may bring your own seating for your comfort.

WELCOME NEW RESIDENTS

Please help me welcome our newest residents.

Robert and Opal Burritt have purchased 128 Dolphin Dr. S. They are from Indiana and have five children, seven grandchildren and two great-grandchildren. Their pet dog is a boxer. Opal is retired but Bob is still working. Bob likes to play golf and Opal enjoys reading.

Doug and Candy Henson are now at home at 167 Manta Circle. Doug is from Florida and Candy is from Maine. They have two sons and three grandchildren. They own a dog and a comfort cat. Doug and Candy are still working as elementary school teachers in Largo. They enjoy cruising and traveling.

Anne Hode has purchased 599 Canal Way. She is originally from New Jersey, has two children and four grandchildren and owns a dog. Anne visited Gull Aire often after her parents became residents, and her mom, Gloria Krzaczkowski, still lives here. Anne is still employed as a commercial real estate manager, and she enjoys bicycling and decorating.

Elisabeth Scalchunes and her daughter, **Alexa**, have moved into 24 Pelican Dr. E. Elisabeth (Liz) is originally from Long Island, NY, and came here by way of Land O Lakes, FL. Alexa is a fulltime college student in Tallahassee. Liz is still working full time and is also a travel agent. She enjoys travel, kayaking, going to the beach, movies and reading.

Wade Ragland has purchased 403 Blue Marlin Dr. He is originally from Oklahoma and moved here from Hudson, FL. He has two children and four grandchildren. Wade is retired and is a veteran. He enjoys golf and playing pool. He says he's single but looking.

Goodman
Air Conditioning & Heating

Mobile Home Heating & Cooling Units

10yr. Warranty **\$3595** Installed

I am so pleased that I called this company to replace my old AC unit! The owner, Lori, could not have been any kinder and very informative with the different products that they carry and install. She explained all the costs to me and also sent me a proposal to review. I was pleasantly surprised that it didn't have the sting that I thought it would have and the cost was very reasonable. I also want to give a shout out to Craig and Jacob who showed up for the job promptly and were very knowledgeable and super polite and friendly. I will definitely tell family and friends or anyone looking for a new A/C, service or maintenance to call Integrity AC! Sure glad I did!

EXPERIENCED • PROFESSIONAL • COURTEOUS

Florida tells residents to humanely kill **INVASIVE, TOXIC** toads that are **lethal to pets.**

A species of warty, **TOXIC toads** is invading Florida yards as it multiplies across the state. They have also been spotted in the Dove Terrace area.

The CANE TOAD, also known as the Bufo Toad, is a **POISONOUS** amphibian that when provoked, can produce a milky white toxin on its back, a substance that is particularly dangerous to house pets. The toxin can leave a dog or cat in serious distress or dead in as little as **15 MINUTES**. Even Cane Toad tadpoles are toxic! It can cause burning eyes or skin irritation in humans who handle them. They look pretty gross – tan to reddish-brown, dark brown or gray, warty skin and their backs are marked with dark spots. They are typically very large – 4 to 6 inches long and sometimes can grow to over 9 inches.

The creatures breed after periods of rainy weather and the state's wildlife commission encourages homeowners to kill them whenever possible. According to the University of Florida, they will eat anything they can get into their mouths: bugs, crabs, roaches, spiders, other frogs, snakes, small reptiles, small birds and other small mammals. They will also eat pet food and human food scraps. The toads are also attracted to proteins in **PET DROPPINGS** – cat or dog – and these should always be picked up.

IMPORTANT – If your pet bites, licks or even sniffs this toad, **IMMEDIATELY** wipe the inside of the mouth and face with a damp cloth to make sure no toxins are swallowed or absorbed. **DO NOT FLUSH OUT THE MOUTH WITH A HOSE** as it can send the toxins down the animal's throat. Take your pet to a veterinarian immediately.

Should you capture one of these invasive animals, it is **against State Law** to just relocate it to somewhere other than your property. Florida's Wildlife commission recommends capturing it while wearing latex gloves and a plastic bag or use a deep bucket as it cannot climb out of the steep sides and then **DISCARDING** this **poisonous** amphibian.

You can also report sightings to EDDMapS.org or to our local animal control office.

Researched and submitted by Maryann Sieminski
