This past year has been nothing close to normal. New residents were never afforded the opportunity to find out what it is genuinely like to reside in Gull Aire Village. All the activities were cancelled, and chances to meet people has been impossible. However, it is finally coming to an end. Activities are gradually re-opening and people are enjoying being together.

April began with Koffee Klatch, Karaoke, and the Aloha party. All three activities were extremely well received and the residents who attended had a great time. I want to thank the people who donated their time to make these activities such a success. By the time you read this letter other activities should be on the schedule again. I have had numerous residents ask me about opening all the activities including having a monthly meeting in the clubhouse instead of on Zoom. This is the guidance and some answers we received this week.

As of April 5, 2021 people 16 and older can get the Pfizer COVID-19 vaccine in Florida. People 18 and older can get the Pfizer, Moderna and Johnson & Johnson vaccine. This includes Florida residents and snowbirds. So, by the time this goes to print everyone in Gull Aire Village should have the opportunity to be vaccinated if they so choose. According to the CDC you can now gather indoors with fully vaccinated people without wearing a mask or staying 6 feet apart. You can also gather indoors with unvaccinated people of any age from one other household known to you (for example visiting with relatives who all live together as one household) without masks or staying 6 feet apart, unless any of these people have an increased risk for a severe illness. The wearing of masks will still be encouraged when meeting inside the clubhouse. This means life is beginning to return to normal. As we continue our plan to cautiously reopen, please continue to practice good hygiene so we do not reverse the progress we have made over the past few months but most of all start living life again!

Be safe!

SOCIAL CLUB

Oh, what a challenging year this has been, yet the Social Committee has still brought us some fun-filled activities such as the golf cart parades, line dancing, yoga, Karaoke and the Aloha Party.

I certainly want to praise the newly retired members of the Social Committee for bringing us outstanding programming over the last few years under the leadership of Dale Mathurin as President. Dale and his committee have done an excellent job in securing amazing programs, and Dale deserves a huge thank you for his untiring efforts and support! It does take a village to make things run smoothly, and we always need volunteers to keep our social events lively and enjoyable. I will have to take big footsteps to follow my predecessors, but I will do my best. I hope that the Social and Activities Committees will suggest some new and different ideas to keep our programs uplifting and exciting.

We will be looking for volunteers to help with the upcoming dances, cookouts, and other fun activities, so please let me know if you would like to help. The more volunteers we have, the easier it is for everyone, and it is a great way to meet new people too. We encourage new ideas, so if you have something that you might like to try, please let me or one of the other committee members know.

Please check the bulletin board and The Official Gull Aire Village Social Club page on Facebook for any updates or cancellations. We are slowly getting back to normal, and the Social Committee is doing its best during the current situation to plan events that are safe and enjoyable. I hope to see you at a function soon.

Does anyone remember making a paper basket or cone filled with spring flowers and leaving them, usually anonymously, on a neighbor's door? The custom was to knock on the door, yell "May basket" and then run. Of course, everyone knew who it was, but we thought we were very clever.

ATTENTION

The wearing of masks is encouraged inside the clubhouse. **Please check the bulletin board and the OFFICIAL GULL AIRE VILLAGE SOCIAL CLUB FACEBOOK PAGE** For any developing changes.

The quilts received from the Quilts of Valor have made a good impression on all who have seen them. Many compliments were received from individuals that watched the Channel 13 News coverage of the presentation ceremony. For all veterans who would like to have one, simply come to our next meeting and sign up.

At our April meeting, our speaker was Philip Mantzke with Veterans Alternative, a non-profit organization that helps veterans and their spouses with problems. They use different approaches than the Veterans Administration. Veterans Alternative is always looking for volunteers and donations. Read more about them at veteransalternative.org.

We are still making plans for a trip to the new St. Petersburg Pier and riding the ferry over to Tampa.

Join us at our next meeting on May 11 at 7:00 PM at the Clubhouse. Contact Peggy Allison at peggysboys@gmail.com or Elaine Foster at yankiegirl4ever@yahoo.com if you have any questions.

BEFORE YOU LEAVE

Hurricane Season is June 1, 2021 thru November 30, 2021

Hurricane season starts next month and because of the increased activity, this date may even be moved ahead next year. I have been doing a little research.

Many Floridians do not recognize the danger residing in their own yards. Snowbirds and year- round Floridians that plan a short or long trip, or are preparing for evacuation from an impending storm, should be aware that large and small loose items can become dangerous projectiles during a hurricane or even if we get high winds from storms going up the east coast. These can be damaging to your property, the property of a neighbor or cause bodily injury. This includes lawn furniture, potted plants, lawn ornaments, garbage cans, recycle bins, bicycles, grills, and any other item that could become a flying object. All such items should be brought inside or otherwise secured to prevent this dangerous situation. Common courtesy and a little planning would be to think ahead and to be sure that there are no loose items outside our homes. It should be a routine just like turning off the water heaters, raising the a/c temp or holding the mail.

If a storm is approaching, we are given several days' notice. Don't wait until the last minute to bring in these objects. Get those out of the way, get your personal things and make sure you have an evacuation plan for you and your family. Also help your elderly neighbors if they might need help with their outside objects. Sometimes, people are too proud to ask for help and its better to be proactive than too late. Also, we might even check at the clubhouse to see about bringing in the chairs and loungers to protect our investments there. We are a village and must work together to be a better place. Stay safe during this hurricane season.

LOOKED UNDER YOUR MOBILE HOME LATELY?

Missing or torn insulation and vapor barrier can allow moisture, mold and mildew to build up, and provide access to insects and rodents into your home!

Call today for a FREE Under Home Inspection

To our valued customers;

During the current times we wanted to let you know that we are taking as many precautions as we can to ensure not only our workers safety but yours as well. We check workers' temperatures each morning and have limited the amount of contact our crews have with each other. Our crews work in Tyvek suits with respirators which helps to ensure your safety as well as theirs.

As a company, we want your business and there is no need for any contact if you so choose. Our business is deemed an "Essential Business" and we are here for you when you need us. You can schedule your inspection by calling 1-800-681-3772.
