FLORIDA ANCHOR AND BARRIER COMPANY

PRESIDENT'S LETTER

It is hard to believe it is September already. Where did the last few months go? With the summer months quickly passing I would like to remind you September is the peak month for hurricanes and tropical storms. I urge you to be prepared. If you are not fully prepared, I suggest you take the time to go online to: pinellascounty.org/emergency/prepareahead.htm, where you will find useful information on how to prepare for emergencies.

The board has been busy this summer responding to resident concerns and has been able to resolve most of them. We are waiting on direction from the city of St Petersburg on keeping the ditch/swale cut back which runs over their water line. We are required to contact them anytime we want to trim the area and request their permission before beginning. By the time you read this letter we should have met with them to explore developing a written agreement on how much we can cut and do without contacting them each time the area needs attention.

Also, the lights in the clubhouse over the library area have been repaired and are back working. After checking the emergency lights in the clubhouse Stewart found one that was not working properly, and it is being replaced. We experienced a few minor issues that needed attention with the spa and Todd quickly handled them without any major disruption. For the most part we have enjoyed a quiet past couple of months. I want to thank Stewart, Randy, and Todd for keeping things in check during my absence. They did a super job, and it is truly appreciated.

And finally remember if you have concerns you would like addressed, please write them down and sign your name so we can get back to you, and place them in the BOD director's mailbox in the clubhouse.

Thank you and stay safe!

John Monser
President

Architectural Guidelines

With so many new residents, we would like to remind you that applications for architectural review and approval with attached rules are available in the clubhouse on the bulletin board. Before you do anything to the outside of your residence it is a good idea to read over these guidelines. Also, the City of Oldsmar has a website which includes a page of certain things for which they require permits, and further instructions to go to The Pinellas County web site for further information. Thank you for your cooperation.

WE ARE FLORIDA'S #1 RETIREMENT COMMUNITIES PARTNER!

Oh my, where did the summer go? I turn around and I see school has started and Halloween decorations are out. Well, that means we are starting to get ready for some fun events.

We just had our July 4th cookout and our Ice Cream Social. Thank you to Don Myers for donating the delicious ice cream. Additionally in August we had the Potato Bar with Trivia. Who was smart enough to get all the answers correct? Not me, that's for sure. Wonderful music by Sue and great job by Mary Etta getting those pictures together. The social club came together again providing food, something they are quite proficient at.

As the months go on, the rain gets less but our activities gear up for more fun. Diana does a great job of keeping up the bulletin board and our newsletter informed of all our activities. In addition, she and Alice always have their hands out ready to take our money for the events. Stay tuned for information about another Float at the pool party, our PIG roast, and we are working on more fall fun.

We are always looking for volunteers to help with decorating at our dances so if you have some free time, let us know. Also, we are looking for people to help with Koffee Klatch. It's a great way to meet new friends. Nothing too hard but mostly fun.

Thank you to all that helped over the summer at all our events. Our social club could not have done it without the volunteers. We also have a box in the clubhouse if you would like to make suggestions or to make any comments. We are open to your ideas.

FREE SEPTEMBER 2022 GAV MOVIE
“ESCAPE FROM MOGADISHU”

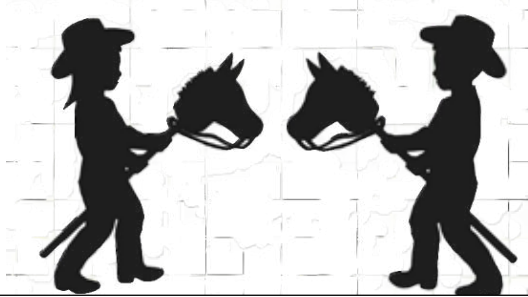

Dramatically constructed based on actual events: when civil war explodes in 1991 between rebel factions and Somali government forces under dictator Mohamed Siad Barre, rival North and South Korean diplomats are trapped in the capital city surrounded on all sides by what would emerge as some of the deadliest fighting of the conflict. With no aid from either Korean government- and no means of communicating with the outside world- the diplomats' only shot at survival may require uniting with bitter adversaries to escape. This movie has not been issued a movie rating.

DATE: Sunday, September 11, 2022

Thank you so much for your contributions. We have had great success with helping our fellow neighbors. If you ever want to check our supplies, just head back to the "cardroom" and take a peek. We cannot take fresh fruit or meat, but canned goods and boxed food is great. Remember to check the expiration dates as well. A great time to donate is when the stores are offering the bogo deals. Stay tuned for something I'm working on for Christmas.

GULL AIRE VILLAGE SOCIAL CLUB HOLIDAY CRAFT SHOW AND HOLIDAY MARKET

Saturday, November 26th

Once again, we are planning for our annual craft show held the Saturday after Thanksgiving. Vendors are being invited to participate in this indoor/outdoor event. This will be our 9th year and we have built a reputation for a well-run and well attended show. I have received numerous inquiries from former and new vendors looking to participate.

Registration fee is \$35.00 for an indoor table or an outdoor tent space (outdoor vendors must provide their own tent, table and display items).

Registration forms are available in the clubhouse for your convenience.

EPA Issues New Drinking Water Alerts Impacting Florida Cities

Information recently discovered on the internet, per the EPA, human-made “forever chemicals” found in water supplies across the country, including more than 45 sites in Florida are more dangerous than ever previously thought.

Polyfluoroalkyl and perfluoroalkyl substances, or PFAS, are durable in high heat and water, which means they remain in the environment for years without breaking down. They have been linked to infertility, thyroid problems and several types of cancer. A growing number of research backs the assertion of both the EPA and Environmental Working Group (EWG) that even at low levels, these chemicals can cause harm over a person’s lifetime. Their recommendation is to install commercial grade filters that removes PFAS.

As we all know, information found on the internet can be fact or fiction, so I decided to investigate to see how or if this impacted residents in Oldsmar.

After contacting our water treatment plant, it was discovered they test regularly for these chemicals and currently there is **no trace** of these PFAS in our water.

Once again, thanks to Oldsmar for being such a “progressive” small community for having such a facility.

FAMILY OWNED & OPERATED AND SERVING FLORIDA RESIDENTS SINCE 1977

COMPUTER SCAM OR PHISHING –

In early July, I had a conversation with a resident who encountered what could have been a serious problem pertaining to access to their personal information.

While searching the internet on the Apple iPad, their screen went all blue with a voice message warning they had received a “threat”. The instructions stated not to turn off the computer or all data would be lost. An Apple Support button appeared with the instructions to click on it for Apple assistance. Because of the connectivity between Apple products, this also appeared on their iPhone.

The resident followed the instruction on the iPad and was connected to a live “support” person who asked how they could help. Fortunately, the resident did not feel comfortable with the questioning and asked the “support” person where the nearest Apple store was. Immediately the conversation was disconnected, and the resident then turned the iPad off and took it to a local computer store. Luckily, by not following through, no damage was done.

This seems to be the latest “scam” utilizing voice messages and by turning off the computer immediately, and thereby disconnecting this call, saved this person a lot of heartache.

If you receive an e-mail that looks legitimate from Apple, Paypal, Best Buy (billing department) or Amazon, DO NOT RESPOND - even if it states there is a problem with an order, contract, auto renewal or your account. I personally have been receiving confirmation for transactions or orders I have not made.

When something looks suspicious or questionable, DO NOT open it but FORWARD IT back to that company for validation.

The e-mail addresses to forward questionable messages are:

For Apple -	forward to:	reportphishing@apple.com
For Amazon -	forward to:	stop-spoofing@amazon.com
For Paypal -	forward to:	spooof@paypal.com
For Best Buy -	forward to:	abuse@bestbuy.com
